Dr. Gerald Ginocichio
Wofford College
Spartanburg, S.C. 29301

3/18/83

Dear Dr. Ginoichio,

I'll be able to provide Post Mortem but I can't be certain that I'll be able to provide printed copies of Whitewash. It is almost out of print. I'm 70 and not well, so I have to balance my desire to keep it in print with other responsibilities. I'm getting estimates on a reprint and if I make it I'll be adding new material.

I have kept all the books I published in print.

If I do not reprint, I'll be glad to give you permission to xerox. If two pages are printed on a sheet and both side of the sheet are xeroxed, the cost will not be great.

Either way, you'll be able to depend on its availability.

If as I suspedt you get nowhere on finding copides of Roffman's excellent work, I'll put you in touch with him so you can make a xeroxing arrangement, if you'd like that. His is a fine book.

Where the course is taught responsibly, not as conspriacy theorizing, students report uniformly that it is a very worthwhile educational experience.

Such a course is taught locally, at Hood College. From time to time those students use my files, which now include about 60 file cabinets, mostly of once-secret records I've obtained by FOIA litigation. (They also use my files on the King assassination.)

Others have joined in FOIA litigation and a large volume of additional records are being disclosed.

Good luck with your course.

Sincerely,

Harold Weisberg
